説明

Allow users to edit their own custom fields and implement a "directory" feature utilizing the existing search functionality.

This patch works to my liking but keep in mind that it comes from a Java Architect who is just a Ruby newbie ;)

journals

This is related to Feature Request #524

Also related to Feature Request #1447

Allow users to edit their own custom fields

Done in r2276. Custom fields can be set or not as editable.

User custom fields are not yet searchable.
