説明
The trac entry like
[mailto:supose@soebes.de]
will not converted into a correct Redmine equivalent.

journals
Anyone who can confirm this with the current trunk?
The supposed behaviour would be:
replace [mailto:supose@soebes.de] with supose@soebes.de

related_issues
relates,New,2068,[source:XYZ@latest#L142 Line 3434] will not be converted
