説明
I'd like to be able to add custom fields to files, so I can track things like Platform or Production vs Development releases

journals

here is another issue #6719

merge is needed

Thank you for your pointing.

I close as duplicate this issue.

Hi guys,
I'm trying to fix it:
https://github.com/visagio/redmine_file_custom_field

PR needed =)

Not a duplicate of #6719. Custom fields for files are requested here, not file format custom fields.
