**説明**

The textile rendering fails to auto link an issue number inside brackets:

[#5000]

Another example: revision is associated but the issue number doesn't link in the commit log - <https://projects.littlestreamsoftware.com/projects/redmine-bte/repository/revisions/1e56698667cffc62992ac4b1ed4b40db7362f407>

journals

Now supported in r3598.

Thanks for the quick turnaround.

will you backport it?
