説明

after changed the due_date of a issue, it can not update the start_date of the following issues at once.
it seemed that those start_date will be updated after next changed of the due_date of current issue.

I have tried move the reschedule_following_issues to after_save, seemed can work.

journals

Please see and read the [\[\[Submissions#Submitting-a-Bug|bug submissions guidelines\]\]](#)...

I can reproduce this in my 1.1.1 installation

#5803 comment 13 may be a solution.
