<b>説明</b>			
It would be nice if a user could assign an issue to a user either when creating or replying to an issue via email. It would simply look like:			
Assigned to: John Smith			
<b>journals</b>			
Added support for setting an issue's assigned to field via email. It will take a user's email address, login, or full name. r3764			
<b>related_issues</b>			
relates,Closed,3706,Allow assigned_to field configuration on Issue creation by email			
relates,New,4662,Handled-mail should use set issue.assigned_to to the first "To" address
