Customize your calendar (holidays each member) and have it in mind when planning tasks.
When planning a project now posted every day and that's not right.

Thanks

journals

Do you mean that you'd like to have more flexibility to set working days for each members ?

If yes, I maybe seen a similar issue already done ...

Yes I need more flexibility,

Please could you tell me where this problem has been solved, thanks

---

Hello Damien, could you help me please ?

Thanks

related to #7011

This is a plugin which adds an ICS feed link to the calendar view
