<b>説明</b>			
<p>Hello,</p> <p>There is an issue with the time tracking thru commit :</p> <p>I found nowhere on the website the correct syntax, I had to search around ticket with a lot of different syntax but it is finally Marek Siller (#4155) which gave me the correct one.</p> <p>ref #123456 @2h30m</p> <p>Except that this will add a time tracking of only 2h00min.</p> <p>Then, is there any syntax for quotation or time log message?</p> <p>Wouldn't it be nice to add some syntaxes like @2h or @2h30 ?</p> <p>Also, the idea of Tomasz Sawicki was pretty good #4155#note-25. Is there any chance it will be implemented?</p> <p>Best regards</p>

<p>Hello,</p> <p>there is an issue with the regular expression (file app/models/changeset.rb), that checks for the spent time. I'm currently investigating where the problem is exactly and how to fix it. I'll post a patch as soon as I find the problem.</p> <p>Sincerely, Marek Siller</p> <p><b>KTC - Karlsruhe Technology Consulting GmbH</b></p> <p><b>Syntax is fixed in r4951. @2h or @2h30 are now supported</b></p> <p><b>Merged in 1.1-stable.</b></p> <p>Hello,</p> <p>I have just setup the redmine, and in the administration -&gt; settings -&gt; Repositories, I tick the Enable time login. But still, in the commit message, I have trying writing</p> <p>refs #4 @2h</p>			

OR

refs #4 @2h30m

OR

refs #4 @2

OR

refs #4 @2.5

They all couldn't work, anything I still need to configure to make it work?

By the way, I am using gitolite, and the "refs #4" thing is successfully hook to the correct issue/project in redmine, I don't know wether this will help found out the problem.

Thanks a lot.

Tak.

Hello,

I have just setup the redmine, and in the administration -> settings -> Repositories, I tick the Enable time loggin. But still, in the commit message, I have trying writing

refs #4 @2h

OR

refs #4 @2h30m

OR

refs #4 @2

OR

refs #4 @2.5

They all couldn't work, anything I still need to configure to make it work?

By the way, I am using gitolite, and the "refs #4" thing is successfully hook to the correct issue/project in redmine, I don't know wether this will help found out the problem.

Thanks a lot.

Tak.

Sorry for missing the redmine version, I am using Redmine 1.1.2.stable

Thanks.

Tak.

@Tak, this advice should solve your problem: <http://www.redmine.org/boards/2/topics/22692?r=23334#message-23334>

Maciej ;)

Yes! This works!!!

I had discovered that I haven't change "Activity for logged time" to any one of them, stupid me.....

Thanks Maciej! ^

related\_issues

relates,Closed,4155,Automatic spent time logging from commit messages

duplicates,Closed,7419,changeset.rb does not recognize time entries like @1h30m
