説明

It would be very useful to choose each status style on links (specially on roadmap).
Bold/Italic/Underlined/Deleted. Also color or a css id.

journals

Check existing `[[Theme_List|themes]]`.

+1 as this would allow for github style issue formatting

looking at github source where the status is highlighted in colour at the top right

I provide a patch for the issue list regarding #4967. I'll provide another patch for this issue as fast as possible.
