RubyGems version	1.5.2		
Rack version	1.1.2		
Rails,Active Record,Active Resource,Action Mailer,Active Support version	2.3.11		
Environment	production		
Database adapter	mysql		
The attached images are not shown in documents. "link to test_server": http://demo.redmine.org/projects/test-documents/documents In 1.2 stable the problem is not solved yet.			
journals			
Can't reproduce.			
I can see the Rails image on the document hosted on the demo server, also.			
I seem to be able to reproduce this. Images are rendered on documents/show but not on documents/index.			
Right.			
Fixed by r7919.			
Merged.
