説明

*Precondition:

- Authentication required is on
- Enable REST web service is on
- All projects are not public

First test
call url <http://server.m.redmine.org/issues.xml>
Html pop up for authentication with username/password entry field raises. I enter valid data but dialog pops up again and again ..
As i hit Escape i get following

This page contains the following errors:

error on line 1 at column 1: Extra content at the end of the document
Below is a rendering of the page up to the first error.
