Hi,
I think it would be useful if under each ticket there'd be a field to enter and submit comments without the need to click anywhere else than "submit comment".

journals

I think it can be covered by custom fields functionality.

I think this is a duplicate of the issue #3143

I think it would be useful if under each ticket there'd be a field to enter and submit comments without the need to click anywhere else than "submit comment".
