説明 At the momment there is a "roles>rights report":/admin/info (/admin/info)only visible by admins. It would be useful for our users to be able to sell rights for roles they have in the MyAccount view. This right to be able to see rghts shall ne itself be switchable allowed/not allowed by right. Or course the reports must be ready only, not be able to chnage the right like in the admin view.
