説明

I would like to propose to add one more option for Users display format. There is case where I would like to display both Name and login to ensure the issue is assigned to correct person.

Proposed changes:

app/views/account/login.html.erb

```
@@ -57,6 +57,11 @@ class User < Principal
    :order => %w(login id),
    :setting_order => 7
  },
+   :firstname_lastname_username => {
+     :string => '#{firstname} #{lastname} <#{login}>',
+     :order => %w(firstname lastname id),
+     :setting_order => 1
+   },
  }
```
