説明 When Adding new user and doing something wrong, resulting in refresh of page with validation alert box, not all form elements are set to their state as originaly entered. Specifically: • I don't want to be notified of changes that I make myself - wasnt checked, but should • Timezone - wasnt set to original value			
journals			
Fixed in r12350, thanks for pointing this out.			

履歴

#1 - 2022/05/10 17:11 - Admin Redmine

- カテゴリ を Accounts / authentication_7 にセット

- 対象バージョン を 2.5.0_75 にセット
