説明 I've read a number of posts with people struggling to migrate Redmine from MySQL to PostgreSQL. I've successfully done this to a rather large Redmine instance and have written a blog post on it to help others with the same issue: http://ixa.io/2014/02/12/migrate-redmine-from-mysql-to-postgresql/ Hope it helps!			
journals Better on forum or wiki, isn't it? Bruno Medeiros wrote: Better on forum or wiki, isn't it? I agree.
