説明

Unchecking all checkboxes on a custom field type 'list' shown as 'checkboxes', does not update the issue itself.

Environment:

Redmine version 2.5.1.devel
Ruby version 1.8.7-p352 (2011-06-30) [x86_64-linux]
Rails version 3.2.17
Environment production
Database adapter PostgreSQL
SCM:
Git 1.7.9.5
Filesystem

Redmine plugins:
redmine_agile 1.2.0-light

journals

I am facing exact same issue on my redmine server as well. This issue only appears when 'list' is displayed as 'checkboxes'; if displayed as 'dropdown list' things work just fine.

Environment:
Redmine version 2.5.0.devel
Ruby version 2.0.0-p451 (2014-02-24) [x86_64-linux]
Rails version 3.2.17
Environment production
Database adapter Mysql2
SCM:
Git 1.7.9.5
Filesystem

Redmine plugins:
redmine_banner 0.0.9
redmine_custom_workflows 0.0.4
redmine_dashboard 2.2

redmine_inline_attach_screenshot 0.4.6

Fixed in r13167, thanks for pointing this out.

Merged.
