説明

Now only the Wiki have “ Delete attachments ” permission, can add this permission to "Issue tracking" too?

journals

Now we use a *ugly hack* to make that only the admin can delete attachment:

```
diff --git a/app/views/attachments/_links.html.erb b/app/views/attachments/_links.html.erb
index 0804b80..bfe351d 100644
--- a/app/views/attachments/_links.html.erb
+++ b/app/views/attachments/_links.html.erb
@@ -13,7 +13,7 @@
<% end %>
<%= " - #{attachment.description}" unless attachment.description.blank? %>
(<%= number_to_human_size attachment.filesize %>)
- <% if options[:deletable] %>
+ <% if User.current.admin? && options[:deletable] %>
  <%= link_to image_tag('delete.png'), attachment_path(attachment),
    :data => {confirm => I(:text_are_you_sure)},
    :method => :delete,
```

Patch for Redmine 3.1, 3.2, 3.3 at #24623
