説明 If the Wiki page contains an local reference to a sub headline, e.g. @myPage@ the reference is not usable as an jump target inside the exported PDF file. It looks like a link (blue, underlined), but clicking on it will not scroll to the target.			
journals Affected version: 3.1.3			
+1			
related_issues relates,Closed,18043,Links to anchors inside the page should be pagename-independent
