説明 I have found when using Markdown syntax that the headers get wonky when used in succession. I have attached screenshots to illustrate. Given the input image, I expect First, Second, Third to appear uniformly but as seen in the output image First is treated as a sub-sub-sub-level heading In the respectively titled image, you can see that sub-sub-sub level headings are given underlines in this style. Environment Information: Environment: Redmine version 3.2.2.stable Ruby version 2.2.5-p319 (2016-04-26) [x86_64-linux] Rails version 4.2.5.2 Environment production Database adapter Mysql2 SCM: Subversion 1.8.10 Mercurial 3.1.2 Bazaar 2.7.0 Git 2.1.4 Filesystem Redmine plugins: no plugin installed
