説明 Need documentation on custom field "Key/value list" Would be helpful to understand how to use this feature. Please provide link to existing documentation if it exists.	
journals +1 +1 This has come up on the forums too: message#49585 and message#50247. The latter provides some clarifications about the format that might be helpful. Note: I've removed JP-L as assignee of this issue, cause I don't see any reason for this assignment.
