author_id:	154757	closed_on:	
assigned_to_id:	0	affected_version_id:	110
comments:	3		
説明 When an issue description is changed, this is not logged in the activity view (as described in RedmineProjectActivity). An email notification of the change is sent though. There should either be both an activity entry & email (preferred) or neither. Having only seems very confusing. Also see #13314.
