**説明**

I think that it could be sometimes useful if there's some functionality to make a Redmine instance marked as "in maintenance". During server upgrades or somethings like this.

journals

I have started the patch, now at about 80% of the job completed. I will submit the complete patch in less than 1 month. Thank you very much !

any updates on this ?

see #7092 and the "redmine\_maintenance\_mode plugin":/plugins/redmine\_maintenance\_mode
