説明

Is there any plugin available to Autofill "Notes" with a user defined template while changing Status.

Example:

While Changing status from "Assigned" to "Resolved", we need to autofill Notes section with a user defined template.

Template is something like below:

Note: Need plugin which work 2.5.1 and above

journals

Hi, this is more like a suggestion for a plugin. I can imagine some of our customers would benefit from this so if you are willing to contribute to the development, please contact us at <https://www.redmine-x.com>.
