Hi,  
For the moment it's possible to get all the relations of an issue and to post only one new relation. Could it be possible to POST an array of relations to make only one call?  
Thanks.

this can automatically create the relationships in the list above.

relates,Closed,33418,Bulk addition of related issues  
 duplicates,Closed,32406,[ISSUE RELATIONS] Add several relations at a time
