説明 Line breaks should be rendered intact in pre blocks but consecutive line breaks are not rendered in Textile. It works as expected in Markdown. Input: !{width: 300px; border: 1px solid #ccc;}.screenshot-input@2x.png! Expected: !{width: 300px; border: 1px solid #ccc;}.screenshot-expected@2x.png! Actual: !{width: 300px; border: 1px solid #ccc;}.screenshot-actual@2x.png!	
journals I think that it is possible to solve the problem by swapping the order of 'escape pre content' and 'clean up white space' in RedCloth#to_html. I made a patch and attach it. Setting the target version to 4.1.0. Committed the patch. Thank you for fixing this issue.	
<hr/> This patch causes a problem reported as #30987. I think r17891 should be reverted.
