説明 @generate!@ methods in @test/object_helpers.rb@ supports customizing by block. But @IssueCustomField.generate!@ doesn't support it. The attached patch adds it. FYI: I created this diff by Git. Because I have the same problem as #24864-10 for svn.redmine.org. journals Setting the target version to 4.1.0. Committed the patch. Thank you for your contribution.
