説明 The test @test_partials_with_html_entities@ fails if the trailing whitespaces are removed. The attached patch can be used to reproduce the below problem: <pre>notroot@eb7d0b73147d:/work\$ ruby test/unit/lib/redmine/unified_diff_test.rb -n test_partials_with_html_entities DEPRECATION WARNING: `secrets.secret_token` is deprecated in favor of `secret_key_base` and will be removed in R called from at /work/config/environment.rb:16) Run options: -n test_partials_with_html_entities --seed 55482 # Running: E Error: Redmine::UnifiedDiffTest#test_partials_with_html_entities: NoMethodError: undefined method `html_line_left' for nil:NilClass     test/unit/lib/redmine/unified_diff_test.rb:106:in `test_partials_with_html_entities'</pre> <pre>bin/rails test test/unit/lib/redmine/unified_diff_test.rb:92</pre> I wasn't able to fix the test without changing the diff, any solution is welcome.			
journals			
Here is my patch. I could not think of any other solution.
