## journals

When I read the error message, it looks like `rgt - lft + 1` in "project\_nested\_set.rb":

[https://redmine.org/projects/redmine/repository/revisions/20033/entry/trunk/lib/redmine/nested\\_set/project\\_nested\\_set.rb#L107](https://redmine.org/projects/redmine/repository/revisions/20033/entry/trunk/lib/redmine/nested_set/project_nested_set.rb#L107) has failed.

However, I could not reproduce the case where rgt and lft become nil.
